Sentinel Takes Over City News

Transaction Is Announced
Today by Officials of
Two Concerns

New Owners Will Assume
Operations, Continue
Publication

Purchase of the Holland City News by the Sentinel Printing Co., publishers of The Holland Evening Sentinel, was announced in Holland by officials of both concerns involved in the transaction.

It is the intention of the City News' new owners to continue publication of this weekly newspaper which was established in Holland in 1872. The transaction becomes effective today.

The City News was purchased from Ben Mulder, who has been editor and publisher of the newspaper for the past 47 years. After a much needed rest of at least four months, Mr. Mulder will become associate editor of The Sentinel and will continue writing his column, "News Items Taken from the Files of Holland City News Sixty, Fifty, Forty, Thirty, Twenty and Ten Years Ago Today," which has been a feature of the Holland City News for several years.

Operation of The Sentinel was assumed Jan. 1, 1928, by the Sentinel Printing Co. of which Charles A. French is editor and publisher and W. A. Butler is business manager. In the intervening years, the owners of the paper have endeavored to provide the city with a newspaper of which it could be justly proud.

The higher prices of paper, cost of ink, metal and higher labor together with shorter hours and other restrictions have made the life of a present day newspaper editor and newspaper manager a much harder one than it was in the days gone by.

These problems, together with ill health brought about from overwork, resulted in Mr. Mulder's decision to sell the City News and go into temporary retirement in an attempt to regain his lost health. Ben Mulder was born in Holland Feb. 23, 1872, and the Holland City News was established during the week of his birth. This was shortly after the fire of 1871 which laid waste almost all of Holland.

The first publisher was Dr. S. L. Morris and the office was located in the Old Harrington block on East Eighth St. It was issued every Saturday morning.

Editors who followed shortly afterward were Otto Doeburg, Gerrit Van Schelven and finally the newspaper was purchased by Will Rogers, who later became associated with the Western Newspaper union at Kansas City.

Mr. Mulder's father, Leendert Mulder, purchased the paper from (See: City News—Page 10.)

DEATH CLAIMS LEON CASE, ILL OF PNEUMONIA

Former State Secretary
Dies in Sanatorium
in Wisconsin

Breakdown Was Climax to
Charges Against His
Department

Funeral services for Leon D. Case, 64, Michigan secretary of state under former Gov. Frank Murphy, will be held Sunday afternoon in Watervliet, with bur-

Leon D. Case

ial in the family plot in the Watervliet cemetery.

Case died this Thursday in Milwaukee, Wis., sanatorium. He had been a patient there for about two weeks. Case suffered a breakdown following the death of his wife last fall, according to information here.

Pneumonia was ascribed as the cause of his death.

Case's home was in Watervliet, Mich.

Case's health began to fail during the winter after charges were filed against employees of the Detroit office of his department in connection with alleged improper use of automobile license funds. He suffered a nervous breakdown and was taken to the sanatorium at Wauwatosa.

Case was elected secretary of state in 1936. He was the first Democrat elected to the office in 46 years, defeating Orville E. Atwood by 40,000 votes.

Although he was born in Ellsworth, Wis., Jan. 15, 1877, Michigan was home to Case. He came to Michigan while still a boy and attended Watervliet high school. After leaving school he went to work in a paper mill, but in 1900 he became one of the publishers of the Watervliet Record, a weekly newspaper.

He entered the newspaper business with his father, Eugene Francis Case. In 1914 he and his brother, Francis, became co-publishers. Publishing was not his only business occupation, however. He was interested in several farms and was a Director of the First National bank of Watervliet.

Case entered politics in his home town. In succession he was village clerk, township clerk, township treasurer, justice of the peace, township supervisor, a member of the board of education, and for two terms mayor.

His entry into state politics came in 1913 when he was elected to the state senate. He served two additional terms in the senate in 1933-34 and 1935-36. In his second term he was president pro tem of the senate, and in his third term he was Democratic floor leader.

Surviving are two daughters, Mrs. Luther Copeland and Mrs. Jeanette Fitzsimmons. Case belonged to the Masons, Odd Fellows and the International Typographical union.

(Case was among the group of state officials who visited Holland's Tulip Time festival in 1937.)

Holland Sea Scouts Also in Line to Take Sailing Cruise

Local Sea scouts may soon be pictured like this. The above picture was taken at the close of the early summer cruise of the Commodore Oliver J. Perry, sea scout training ship, as she ended her voyage in Macatawa bay. The scouts pictured above left Detroit in mid-June to cruise the Great Lakes on the big three-masted schooner. A cruise is now being planned for boys in this area. The boat will leave here July 8 and after two weeks will drop

anchor at Chicago where local boys will disembark. Sea scouts, who do not wish to take the entire two weeks' cruise may leave ship at any one of a number of ports listed on the tentative voyage. The Commodore Oliver J. Perry was constructed in 1919, and after a career of lumber trading and rum running was purchased in Detroit for the purpose of training boys. She was taken over by Sea scouts last year.

TWO DROWN IN ALLEGAN LAKES

Long Fight to Revive Boy
of Casco Fails; Man of
Chicago Dies

Fennville, July 6 (Special)—A man and a boy were drowned Tuesday in Allegan county lakes.

Five minutes before the life-guard, Henry Yelle, was to report for duty at noon at Ely lake, James, 16-year-old son of Mr. and Mrs. Bert Van Blaricum of Casco sank in about eight feet of water.

Recovered about 10 minutes later by William Jacobs, 564 College Ave., and Peter Van Iwaarden, 179 West 20th St., Holland, the life-guard and Dr. Robert Quine of Fennville and the fire department of Allegan, which brought a tank of oxygen, worked over the youth for more than three and a half hours in an effort to restore life.

Only a small amount of water was removed from Van Blaricum's lungs and the physician said his death was due to a weak heart. This is the first drowning to occur at the lake since a life-guard was installed there three years ago. Two persons have been revived this year.

Van Blaricum had gone swimming with companions while on a picnic with their families. His friends heard him shout for help. Survivors are the parents, one brother, two sisters and his grandmother, Mrs. Bert Van Blaricum. The body was taken to the Ayres funeral home in South Haven.

Orville Davies, 37, of Chicago, was drowned in Baseline lake, nine miles south of Grand Rapids, while attempting to swim to the aid of his two sons, William and Charles who were 200 yards offshore in a boat when a sudden storm came up.

Davies sank before he reached the boat and sheriff's officers dragged the lake for four hours before recovering the body at 5 p.m.

He is survived by the widow and two sons. The body was taken to Gordon's funeral home.

Justice Herman Cook, as coroner in both cases, said no inquests would be held. Sheriff Fred Miller and Deputies Claude Gibson and William Clark assisted in the investigations.

From early morning until late Tuesday, Holland State park at Ottawa beach was filled to capacity. Motorists were unable to find parking spaces in the park area and had to park outside.

Estimated attendance at the park was 45,000 persons. All tables were taken by picnickers.

"Boottleg" fireworks were in (See: Holiday—Page 10.)

Numerous Out-State Cars
Pass Northbound in
Week-End Trip

Heavy resort traffic, passing here on Monday as thousands went north for holiday vacations, reminds local persons of Tulip Time traffic in May.

The pre-fourth of July traffic was heavy since last Saturday at 8 a.m. when cars began arriving and passing through Holland at a steady pace.

Chief of Police, Ira A. Antles explained that although the traffic had been heavy all week-end, it had been orderly traffic, and no special provisions were necessary to keep it under control.

Saturday afternoon, the officer at Ninth St. and US-31 reported that as cars halted for the Eighth St. traffic light, they were lined back as far as 12th St.

Most cars are from Indiana and Illinois, police report.

The roads were not the only avenue of traffic for resorters and vacationers.

SOLONS REJECT PLEA TO RETAIN ANGLE PARKING

Eighth Street Merchants
Lose in Petition to
City Council

Parallel Plan Mandatory
Throughout State in
September

An attempt by a group of merchants and property owners along Eighth St. to retain angle parking on Eighth St. in opposition to common council's recent ruling in favor of parallel parking, was defeated Wednesday night by council.

The aldermen, although divided, rejected a petition from the merchants and property owners which said angle parking was preferred even if it meant Eighth St. were to lose its designation as a truckline highway.

River Ave., included in council's parallel parking decision was not mentioned in the petition. At its meeting of June 21, council voted to establish parallel parking on Eighth St. and River Ave. in the downtown business area these streets being trucklines for M-21 and US-31 through Holland. The action was taken to cooperate with the state highway department which had requested parallel parking two years ago.

Mayor Henry Geerlings informed the aldermen Wednesday night that even council had not voted for parallel parking at its recent meeting, this system would have become mandatory Sept. 1 because of a state law, adopted by the state legislature at its recent session, making parallel parking mandatory on all streets and villages designated as trucklines.

FURNITURE OF STONE FOUND

Connolly Discovers Link
in Hunt for Earliest
American Type

Grand Rapids, July 6—While searching for the earliest American furniture, W. M. Connolly, director of public relations for the Furniture Exposition of Grand Rapids, has discovered that stone, not wood, was used in its construction. What is more important is that this research led him to the little New Hampshire town of North Salem, where he found an entire stone village built prior to the year 1002, when Leif Erickson is reputed to have landed on this continent.

William B. Goodwin, curator of a museum in Hartford and an experienced and conservative archaeologist, has been quietly engaged for more than a year excavating and restoring this important link in history. The structures are of recognized Irish architecture, counterparts of which were unearthed in Ireland years ago. The furniture, meager in the extreme, consists of crude stone tables, shelves or cupboards and cubical like beds.

This discovery ties up with Icelandic historical works which relate to the Culdes, members of a religious order, driven from Ireland by the Vikings. In crude vessels they found their way to Iceland but later fled to Vinland the Good and to Albana that lies in land, that is to say Hvitramannaland, and referred to as Ireland the Great or what is now New England. Prof. Halldor Hermannson of the Icelandic library of Cornell, America's most noted Icelandic scholar, and several other eminent authorities accept this interpretation of the saga beyond question. It is expected that further explorations will reveal the fate of these earliest Europeans to settle in America. The date of their coming is thought to be about the ninth century.

ROAD PROJECTS IN LOCAL AREAS LISTED IN PLAN

Six-Mile Paving and Span
Near Zeeland Part of
Big Program

Concrete on M-40 Out of
Allegan Included by
Van Wagoner

Projects totaling \$424,000 on M-21 northeast of Zeeland and on M-40 northwest of Allegan were included in a \$6,025,986 federal aid highway construction program which Highway Commissioner Murray D. Van Wagoner submitted today to the state administrative board in Lansing.

The program for the fiscal year which started July 1, as outlined by Van Wagoner, calls for six miles of grading, drainage and 22-foot concrete on M-21 northeast of Zeeland at an estimated cost of \$224,000 and a bridge over Black River northeast of Zeeland at a cost of \$50,000.

The proposed improvement in Allegan county, in eliminating one of the gravel links on the route between Holland and Allegan, calls for 3.6 miles of grading, drainage and 22-foot concrete at a cost of \$130,000.

The Allegan county project would extend on M-40 from the Allegan city limits in a northwesterly direction to the concrete railway elimination now existing southwest of Dunningville.

The Ottawa county project would extend from Zeeland in a northeasterly direction along the existing 18-foot pavement to across Black river.

The state program calls 124.6 miles of concrete paving, 13 roadside park and landscaping projects, nine grading and drainage projects and one road separation. They are scattered among 37 counties in both peninsulas.

The state contribution will be \$3,012,986. Van Wagoner said contracts cannot be let until late in the fall because of highway department commitments on an anticipated \$4,000,000 public works administration program and because of financial stringencies.

The department has approximately \$1,000,000 of 1939 projects to be contracted and has not started construction of its 1938 federal grade separation program.

Van Wagoner proposed that the highway planning survey be continued and that \$90,390 be set aside for that purpose.

Projects included: Berrien—US-112, one mile of roadside park and planting, 34 miles east of Gallen, \$5,600; also a roadside park on US-31, 12 miles northeast of Benton Harbor, \$5,800.

Van Buren—US-31, bridge over Black river at South Haven, \$75,000.

Muskegon—US-31, roadside park 2 1/2 miles southeast of Whitehall, \$4,200.

Kent—M-114, west from Cascade, 4.3 miles of grading, drainage and 22-foot concrete, \$155,000; US-16, one mile southeast of Grand Rapids, 0.6 mile of roadside park and planting.

YOUTH COUNCIL IS ARRANGED BY ALLEGAN GROUP

Purpose Will Be to Expand Program Already in Progress There

Clark Muma Is Retained as Recreational Director for Summer

Allegan, July 6 (Special).—Expansion of the newly organized Allegan community council, which has already provided a full-time recreational program for the city's youth, is planned, Rev. J. E. Bartlett, Jr., president of the council, has revealed.

Bartlett said, "Plans are as yet by no means perfected, but we hope in the near future to have each organization represented in the council appoint a younger representative also, and that these members will form the group which will take the initiative in forming a real youth program and carrying it out."

Among the projects which the council hopes to promote through the junior group is a series of dances to be held especially for the young people of the city.

The program of the council so far includes retention of Clark Muma, high school athletic director, for the three summer months as full-time recreational director. Muma has established four playgrounds, at the Dawson, North Ward, South Ward, and Junior high school grounds. He has eleven play-ground supervisors working with him to direct play in these places Mondays through Fridays, from 9:30 to 11:30 in the mornings and 2:30 to 4:30 in the afternoon. Besides the directed play, Muma hopes within the next few weeks to introduce handicraft classes for those older boys and girls who desire them. The average daily playground attendance is 200, according to the records of the various supervisors. Additional help in supervision is being given by volunteer workers as they are needed.

One popular feature is supervised swimming at Dumont lake, from 2 to 4 p.m. on Tuesdays and Thursdays. The children meet at the various playgrounds at 2, where transportation is provided to and from the lake. The beach at the Dumont county park is roped into three zones, for non-swimmers, limited, and non-limited swimmers. Each zone is manned by two lifeguards, and the "buddy" system is used whereby the swimmers go in pairs and at the ringing of a bell at two minutes intervals, each child holds up the arm of his "buddy."

The swimming program was made possible by provision by the county organization of the Red Cross. Harold Terry, Jr., Ralph LeBlanc, Jr., James Blood, and Donald Van Order returned this week from the Red Cross school at Hastings, where they had special training in lifeguard duties. Terry is stationed at Dumont lake, Blood at Baseline, LeBlanc at Littlejohn and VanOrder at Green lake, according to present plans. Dumont has this service Tuesday, Thursday, Saturday and Sunday, and Littlejohn Wednesday, Friday and Saturday. At Baseline and Green lakes the guards are on duty from 2:30 to 8:30 on Wednesday through Sunday.

A softball league has been organized under sponsorship of the council with a number of teams entering.

The council executive board includes Rev. J. E. Bartlett, Jr., president; Arthur Kaehle, vice-president; Mrs. Louise Meyer, secretary; E. W. DeLano, treasurer; and H. D. Tripp, H. B. Stafford, Dr. M. B. Beckett, Mrs. Charles Ephofen and Mrs. Russell Baker, directors. Council members include representatives and alternates from all civic, patriotic and religious organizations in the city.

CONCERT SERIES TO OPEN AT LOCAL PARK

The American Legion summer band concert schedule opened June 30 at Kollen park.

Throughout the summer, concerts will be held every Friday night instead of Tuesday night as in previous years.

Grading was based upon a possible 20 points for each phase of performance, making a possible total of 280 points. Each band played a required composition and a selected composition. On one judge's sheet, the local organization scored 275 points out of a possible 280, and on the second judge's sheet, the American Legion band scored 263 out of a possible 280.

Considering the total of both judges' sheets, the band scored an average of 96 per cent of a possible 100 per cent in the contest.

Soon after the race started something went wrong with the sails on the Foster boat and as one of them climbed to fix it the boat capsized and they were thrown into the water from which they were rescued by Earl Jewell and his motorboat. Ottawa County Man Is Fined in Court at G.R.

Grand Rapids, July 6—Found guilty of a charge of resisting an officer, Martin Heyboer, 30, of Talmadge township, Ottawa county, was assessed a fine of \$50 and costs of \$50 in superior court here Monday.

The charge against Heyboer resulted from an encounter last Nov. 1 with Rel K. Branch, a special deputy, who sought to serve a writ of attachment on Heyboer. Judge Taylor told Heyboer that assumption that Heyboer drove his auto away from Branch clinging to the running board in the belief that Branch was a holdup man was "too thin for anyone to believe."

Three New Cases of Rabies Are Reported

Grand Haven, July 6 (Special)—Three cases of rabies have been reported to the county health department, one in Talmadge, one in Marne and another at Eastmanville.

TWO MUSKEGON MEN ARE HURT IN CRASH

Muskegon, July 6 (Special)—Two Muskegon men, were injured late Monday night in an automobile accident on US-31, just south of the Muskegon-Ottawa county line.

Owen W. Schaeffer, 35, appeared to be the most seriously injured. He suffered from loss of blood after an artery in his throat was severed. He also received severe facial cuts and an ear laceration and was unconscious when admitted to the hospital.

Earl Draggoo, 30, who was said to have had no driver's license with him, suffered nose and head lacerations and a possible fracture of the left shoulder. He was driving the car in which the two men were riding.

The Draggoo machine struck the back of a car driven by Dr. A. A. Spoor, 65, Muskegon, causing it to overturn. Mrs. Spoor, 61, received bruises but Dr. Spoor apparently was unhurt. The injured men had been fishing at Grand Haven.

The Forest Service reported that only one acre out of every 19 in National Forests suffered any fire damage in 1938.

Venice contains 177 canals and 400 bridges.

JOE LOUIS'S HEAD

In the pictures of the recent
Joe Louis fight that have been
appearing in the theatres, as well
as those shown in the newspapers
the day after the battle, it was
easy to observe that the "brown
bomber" leaves his battles as in-
fact physically as he enters them.
As far as appearances go he might
have been playing a hand of bridge
—his face and head look as if
leather had never touched them.
Nor has he acquired cauliflower
ears in all his fierce battles, or a
broken nose.

His head has remained unscarred
because he has a good head.
He has been using that good head
not merely in his training camp
and in his battles to direct his
explosive fists against the "chins
of his opponents; he has been us-
ing it more particularly during the
intervals between fights. His
brain seems to have been telling
his fine body that a good athlete
can remain a good athlete only if
he is willing to live like a good
athlete and exercises the self-
discipline that is necessary for
such an endeavor.

Not enough has been made of
the general restraint and modesty
and self-control of the world
champion. Compared with the
spirit shown by several former
world champions, who lost their
heads in semi-riotous living and
hence forfeited their crowns when
the test came, Joe Louis—un-
lettered and uncultured and un-
trained in restraint except for
such training as was involved in
his physical rise to power—has
shown an attitude that should win
the admiration of all who be-
lieve that clean living is essen-
tial to physical power. A few cham-
pions have been worthy of the ad-
miration of that part of Ameri-
can manhood that worships clean
bravery—Gene Tunney as an ex-
ample—but many others have not.

Now Tunney had every induc-
ement of education and training
and social position to help and
reinforce him in not losing his
head; Joe Louis has had few such
helps. The general position of his
race is against him, and his social
status is also a disadvantage.
There is every reason why, with a
half million dollars of easy money
in his jeans, he should lose his
head and go in for the sort of
life that finally leads to physical
deterioration. He seems to have
resisted all such temptations, and
his life has been such that it has
reflected honor upon his race as
a whole. Even those who would
like to see the championship go to
a member of the white race
have reluctantly been forced to
yield Louis respect.

Joe Louis comes out of his
fights with an unblemished head
because in between fights he
keeps that head unblemished.
That's a point that deserves em-
phasis along with all the technical
reasons advanced as to why Joe
Louis seems unbeatable.

JAPANESE CLAIMS

Some of the Japanese are say-
ing that Asia is their sphere of
influence and business, just as
North and South America are
ours, and they cannot see why
we should interfere with them.

The answer is that we are not
behaving in this hemisphere as
they are behaving in theirs. We
seem to assume certain trade
rights in Central and South Am-
erica, but we do not invade those
regions, kill their people, destroy
their cities and establish garrisons
there to rule them. Even if we
were temperamentally inclined to
such methods, we would refrain
because we know it wouldn't be
good business. It wouldn't pay in
the long run.

Neither do we interfere with
other nations' rights to trade and
live in Latin America. The Jap-
anese can buy and sell there as we
do. They can, and let there be
settled there, a conspicuous
example of their freedom to settle,
live and work in South America
is Brazil, which is very friendly
and cooperative with the United
States.

out competing nations, including
ourselves. In so doing they are
breaking international law, and
every other kind of law, and even
doing violence to common sense.

SENSIBLE SIESTA

Good midsummer advice comes
from a writer and nature observ-
er.

"What everyone should do at
midday in summer," she says, "is
to follow the example of the cows
that lie down under comfortable
shade trees. The people of tropi-
cal countries have their siestas.
Why shouldn't we? In July and
August, in much of this country,
the weather is almost as muggy
and hot."

Most people at work can't man-
age a midday rest, but many who
could do so often miss the chance.
A midday rest for children, even
though too old for naps, would
be an aid to keeping them well in
the summer. Strenuous vacation-
ers would be wise to interrupt
their activity for a bit of genuine
loafing after lunch. Tourists would
find a midday stop in some quiet
spot more valuable than the little
loss in daily mileage they might
suffer.

In fact, a modified type of siesta
might improve the minds, dis-
positions and health of all of us.

Remembering rather tardily that
the government ended its fiscal
year on June 30, we hasten to
wish it a Happy New Year.

COUPLE OBSERVES 50-YEAR WEDDING

Hudsonville, July 6 — Open
house from 2 to 5 p.m. on Friday
marked the 50th wedding anni-
versary of Mr. and Mrs. Henry
Yonker.

Mr. Yonker has conducted a
grocery store and general mer-
chandise business here for 35
years. He was born in The Nether-
lands and came to this country
when he was 20 years old and
settled in Muskegon, where he
worked in the lumber mills.

Fifty years ago, he was married
to Reka Aalderink of Holland,
and they later moved to the
vicinity of Hudsonville, where
they have lived ever since. Mr.
Yonker is the oldest merchant in
Hudsonville. He is a member of
the Hudsonville Christian Reform-
ed church, in which he has held
various offices. For the past 15
years he has been superintendent
of the Sunday school. He has
also served on the village board
and school board.

In 1911, Mr. Yonker returned
to The Netherlands to see friends
and relatives.

Mr. and Mrs. Yonker have
three children, Mrs. M. Metter-
nich of Alto, Mrs. M. L. Boldt
and Nicholas Yonker of Hudson-
ville; they have five grandchild-
ren and two great grandchildren.

Ask Bathers to Dress at Home for Swimming

The park board has issued a
warning that the bathing beach
at Kollen park will be closed if
bathers do not stop using the pub-
lic rest rooms for bathtubs.

The children, using the park,
make use of the rest rooms for
dressing rooms, it was said; and
besides damaging the rooms, the
open air entrances place chil-
dren in danger of being accosted
by prowlers.

Safety ropes have been set out
at the park beach, and children are
watched in the water, but officials
asked that parents cooperate in
having their children dress for
the beach at home.

ROAD CASE IS GIVEN HEARING

Grand Haven, July 6 (Special)
Judge Fred T. Miles filed an opin-
ion in Ottawa circuit court today
ordering that the writ be dismis-
sed and judgment of "no cause"
entered in the case of the board
of county road commissioners vs.
Dick Hunderman and others.

In 1937 the road commissioners
attempted to purchase from the
Hunderman a strip of land 33
feet wide along the north side
of the highway which would be
16th St. in Holland if extended
east through Zeeland township, as
they claimed a four rod road in
that place was not sufficient to
make the improvement necessary.
Being unable to purchase the
land, proceedings were begun by
the board to condemn it and a
price was fixed which the board
obtained an order that the prop-
erty could be taken away from the
Hundermans. Following this order,
the Hundermans, through their at-
torney, took the case to the circuit
court by writ of certiorari.

Upon a hearing of this kind of
writ, the court has no right to
pass upon the matter of necessities
for taking nor the value of the
land, but only upon whether the
board of county road commis-
sioners proceeded to take the land
according to law.

On the argument before the
court this morning, it was urged
on behalf of the Hundermans that
would have the right to take the
land, it first had to get the ap-
proval of the board of supervisors;
also that they must attempt to
agree with the owners of the land.
It was urged that while they
had attempted to agree with the
husbands they had never attempt-
ed an argument with the wives who
were also owners of the land to-
gether with their husbands. It was
also urged that no consent of the
board of supervisors was obtain-
ed before the board condemned the
land.

There does not seem to be any
dispute as to the facts. The ques-
tions that must be decided by
the circuit court are: 1. When a
husband and wife own property
by entirety, must the board at-
tempt to buy them with both the
husband and the wife for the pur-
chase of it or is an attempt to
bargain with the husband alone
sufficient; 2. It appears that af-
ter the property was condemned
the board of supervisors did ap-
prove of the action of the board
of road commissioners and the
question arises as to whether such
approval after the action taken by
the board is sufficient or must the
board of supervisors have given
their approval before the condem-
nation.

COUNTY FAMILY HAS EIGHTEEN MEMBERS

Zeeland, July —The combined
ages of the Edward Hassevoort
family, which includes besides the
parents, 16 children, would add
to more than 312 years.

Sixteen of the Hassevoorts' 17
children are living, and Mr. and
Mrs. Edward Hassevoort of North
Blendon would expect to take all
prizes in Ottawa county for the
largest family.

The Hassevoorts established res-
idence at Holland station about
10 miles north of Holland 25 years
ago. They moved to various farms
in the county, locating near Har-
lem, Borelco and Beaverdam. They
now live on a 200-acre farm one
and one half miles south of
Blendon.

Mr. Hassevoort, who is one of
15 children of whom 10 are now
living, was born in Ottawa coun-
ty, and lived with his parents,
Mr. and Mrs. Harm Hassevoort of
West Olive, until his marriage to
Ada Room, who was born in Grand
Rapids, but who made her home
early in Rusik.

Six of the Hassevoort children
have married, and the Hasse-
voorts have grandchildren.

YOUTH IS CHARGED WITH RING THEFT

Simon Pauwe, 24, West 12th
St., was at liberty Saturday under
\$500 bond pending arraignment
before Judge Fred T. Miles in Ot-
tawa circuit court at the Septem-
ber term of court on a charge
of larceny.

The charge results from the al-
leged theft of a ladies diamond
ring from the jewelry store of
James Heerspink, 450 Washington
Ave., last Feb. 17.

Pauwe was arraigned today be-
fore Justice John Gallen and
waived examination. He was ar-
rested last night by Police Of-
ficers Ernest Bear and James
Spruit and upon questioning, ad-
mitted stealing the ring. Police
Chief Ira A. Antles reported.

Chief Antles said that Pauwe
went into the store on the pre-
text of buying a ring and then
took it when the store proprietor
wasn't looking. The ring was re-
covered last night by police at
the home of Pauwe's father, Cor-
nelius Pauwe.

WILL OFFER REWARD FOR VANDAL ARREST

A substantial reward will be
offered for information leading to
capture of vandals who literally
wrecked the Boy Scout week-end
camp, belonging to Troop No. 6
of Holland, two-thirds of a mile
north of Port Sheldon.

Deputy Sheriff William Van
Etta said that the vandals, had
ransacked the cabin on the camp
grounds, breaking windows and
lighting fixtures, and smashing a
miniature model of the camp.

They used an axe or other sharp
instrument to cut holes in all can-
ned food, and spilled stain over
the floor of the cabin, he said.
The vandals entered by knocking
a lock off the door.

Elmer Van Lente is scoutmaster
of troop No. 6. The camp was
established more than five years
ago.

GUARD OFFICES ARE COMBINED

Coast Guard Takes Over
Lighthouse Service
in New Setup

The 10th and 11th district units
of the United States coast guard
today were officially "dead," ac-
cording to orders announced
through the division offices at
Chicago.

The districts disappeared by
order at midnight Saturday to be
replaced by field offices in the
old district headquarters at Grand
Haven and at Green Bay, Wis.

Commander Gordon McLain,
chief of staff for the Chicago dis-
trict, explained that under the
new national setup, Commanders
A. F. Glaza of the 11th district
and W. W. Bennett of the 10th dis-
trict, are assigned for temporary
duty on the Chicago staff.

Capt. C. J. Clemons of the local
coast guard station said that the
change in the national setup which
calls for a reorganization plan to
combine the coast guard service
and the lighthouse service into one
unit, so far has indicated little
effect locally.

"The official mail of the local
station will be addressed to the
division office in Chicago, instead
of at Grand Haven," he said. He
said that other orders may come
through, but that the mail order,
effective July 5, is the only one
yet announced.

The coast guard cutter, Escan-
aba, whose base is located at
Grand Haven, has always received
orders through the division of-
fice at Chicago and is not in any
way involved in the reorganization
plan.

There probably will be little
change in the local setup, for un-
der the command of warrant of-
ficers, the stations of the two out-
lawed districts will carry on the
same duties with approximately
the same personnel, the division
office announced. The old 10th
district included all stations on the
east coast of Lake Michigan and
the west coast of Lake Huron.

GERRIT WIERDA DIES AT LOCAL RESIDENCE

Funeral services for Gerrit A.
Wierda, 75, of 120 East 18th St.,
who died at his home at 9:30
p.m. Friday was held Monday at
2 p.m. from the Langeland fun-
eral home.

Mr. Wierda died after ailing
for several months.

He is survived by two sons,
Dr. J. L. Wierda of Philadelphia
and Andrew Wierda of Holland;
two daughters, Mrs. Gerrit Dyk-
stra and Miss Anna Wierda of
Holland; two brothers, Frank of
Allendale, and William of Hol-
land; two sisters, Mrs. Ida De-
Weerd of Sioux Center, Ia., and
Mrs. Nancy Van Dort of Holland;
and two grandchildren.

(From Saturday's Sentinel)
About 50 members of the Hol-
land local Farmers' Educational
and Cooperative Union, met at
the Union Hall one mile north and
a mile west of Zeeland last Tues-
day for a pot-luck supper. After
the supper a program including
guitar, accordion, vocal selections
and readings and the singing of
Dutch psalms was held. Several
games were played.

Grand Haven, July 6 (Special)
—Alfred E. Bernahl, 49, of Spring
Lake, paid a fine of \$25 and costs
amounting to \$3.35 before Justice

state police when Bernahl backed

and one half mile south of M-50.
Bernahl's companion, Matt Mies-
sen, 61, of Grand Haven, was ar-
raigned on a drunk charge, and
was sentenced to spend 10 days
in the county jail. He was placed
in jail here, pending his ar-
raignment, when it was found he
was too intoxicated to face the
court.

DEMOLITION OF LOCAL BUILDING LOOMS STRONG

Council Grants Permission to Company to Close Off Street

Dutch Museum Requested to Vacate Masonic Temple Soon

Razing of the former Masonic Temple on 10th St., between Central and River Aves., was almost a certainty today.

At Wednesday night's meeting, common council voted permission to the Capital City Wrecking Co. of Grand Rapids to close off part of 10th St., adjacent to the temple building, and considered allowing The Netherlands Pioneer and Historical foundation and director of the museum, reported today that he had been requested by a representative of the wrecking company and by the Michigan Trust Co. of Grand Rapids, owners of the building, to vacate the building at the earliest possible date so the wreckers could begin their demolition work as soon as the building is vacant.

Willard C. Wichers, secretary of the board of directors of The Netherlands Pioneer and Historical foundation and director of the museum, reported today that he had been requested by a representative of the wrecking company and by the Michigan Trust Co. of Grand Rapids, owners of the building, to vacate the building at the earliest possible date so the wreckers could begin their demolition work as soon as the building is vacant.

Wichers said the wrecking company would like to have the building vacated at once, but that this cannot be done until a site has been obtained for the museum. He reported that the museum will continue to operate at its present site until further notice. Work of packing the various exhibits will not be undertaken until a new location is obtained, he said.

For some time, rumors have been heard that the Michigan Trust Co. was considering tearing down the building. Several weeks ago E. P. Stephan, secretary-manager of the Holland Chamber of Commerce, appeared before council and asked for meeting with the civic improvements committee in the hope that some plan of purchasing the building could be worked out whereby the city could purchase it and the museum could continue to occupy it.

On May 17, the civic improvements committee made a report, recommending that the plan of buying the temple be dropped in that the library board was not interested in using the building for a library and that the committee could find no other municipal use for the building. Council accepted the committee's report.

City Clerk Oscar Peterson informed council members Wednesday night that H. S. Harkness of the wrecking company was requesting permission to close part of 10th St.

Ald. Ben Steffens proposed that the museum be permitted to move into the old hospital building, stating that the board of directors had made such a request. Ald. Martin Oudemool supported the motion.

However, Ald. Frank Smith, member of council's buildings and grounds committee, asked under what conditions would the museum be allowed to move into the old hospital building. He asked who would pay for heating the building and who was to pay for janitor service.

Ald. James A. Drinkwater, chairman of the committee, said the furnace needs a new boiler and grates and that arrangements should be made to connect the furnace to the clinic building.

"Can we donate this building to the museum without asking the people?" asked Drinkwater.

Steffens said the museum board of directors is endeavoring to work out some plan whereby they can remodel the building.

Smith informed the aldermen that he did not think it right to allow the museum to use the building and then the expense of the upkeep would have to be paid by the city.

Mayor Henry Geerlings said he informed the board members that they would have to assume all expenses incurred in the use of the building.

Ald. Herman Mooi charged that the museum officials had no interest in the outside of the temple building, allowing the grass to grow. He felt that there should be some understanding between the city and museum.

Mooi offered a substitute motion, which was supported by Oudemool, that the matter be referred to the outside of the temple. Oudemool said he thought it would be better to allow the museum permission to use the building rather than to let it stand idle.

Council voted favorably on the substitute motion. Members of the museum committee are Steffens, Oudemool, William Vandenberg, Bruce Raymond and John Menken. The committee was asked to make a later report to council.

COMMON COUNCIL

Holland, Mich., July 5, 1939.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Henry Geerlings, Alds. Kleis, Drinkwater, Kalkman, Oudemool, Steffens, Menken, Smith, Mooi and the Clerk.

Minutes read and approved. Devotions led by Mayor Geerlings.

Petitions and Accounts
Clerk presented several applications for Building permits.

Granted, subject to approval of City Engineer and Fire Chief.

Clerk presented three applications for license to sell soft drinks.

Granted.

Clerk presented application and bond of Mrs. E. J. Zwemer for license to operate second-hand store.

Bond approved and license granted.

Clerk presented request by Capital City Wrecking Co., Grand Rapids, Mich., for permission to close off part of 10th St. adjacent to Masonic Temple, to protect the public during wrecking operations.

Granted.

Clerk presented communication from Michigan Municipal League calling attention to their activities on behalf of the cities in the State and soliciting the City's continued membership.

Accepted and filed.

Clerk presented communication from Attorney John R. Dethmers, stating that he represents certain financial interests, who desire a permit to lay pipe lines and secure a franchise to engage in the business of supplying local industries and commercial businesses with natural gas. The communication states that it is not the intention to compete with the local Gas Co. for supplying the domestic or household user. It is also suggested that the Board of Public Works might be interested in using natural gas for fuel in its new power plant.

Referred to a committee to be appointed by the Mayor, consisting of 4 citizens, 3 Aldermen, together with City Attorney and City Engineer.

Clerk presented communication from Michigan Trust Co. together with an invoice for architects' services in connection with the proposed plan that was being considered last winter of remodeling the Masonic Temple into a building for Library and other purposes.

Referred to Ways and Means Committee.

Clerk presented petition from merchants and property owners on 8th Street requesting the Council to rescind its recent action in establishing parallel parking. The petition states that the merchants prefer angle parking in preference to the use of this street as a trunk line highway.

Ald. Kalkman stated that inasmuch as the State Highway Dept. prefers parallel parking that the City should co-operate with them to this extent. Mr. Kalkman commented on the fact that if the Trunk line were removed from 8th Street, it would deprive the City of a considerable amount of revenue which they now receive for maintenance, especially snow removal.

It was brought out in the discussion that at the recent session of the Legislature, a law was enacted making parallel parking on all trunk lines mandatory after Sept. 1st, 1939.

Ray Nies, who was present, also spoke on the matter of continuing angle parking. It was his contention that it would be better for the merchants to have angle parking on 8th Street even if they have to sacrifice the trunk line, and suggested that the State Highway Dept. be requested to move the Trunk line off 8th Street.

Ald. Kalkman presented a motion which was supported by Oudemool, that this petition of the merchants be referred to the Street Committee and that the present system of angle parking be continued until the State Law becomes effective on Sept. 1st.

The vote on this motion was as follows:

Ayes: Alds. Kleis, Oudemool, Menken and Mooi—4.

Nays: Alds. Drinkwater, Kalkman, Steffens and Smith—4.

Since it requires 7 votes to pass any measure, the motion was declared LOST.

Reports of Standing Committee
Committee on Ways and Means to whom was referred the recent request from the Tulip-Time Committee for the Council to waive the 5 per cent charge for the use

of Riverview Park during the recent Band Review and Tulip Tales Pageant, reported recommending that this request be declined. It was the contention of his committee that to grant their request would be establishing a precedent which would have to be followed later on if other requests of a similar nature were presented. The Committee also brought out the fact that this 5 per cent charge is merely for the upkeep of the Park and the City draws no revenue from it over and above maintenance expense.

Adopted.

Claims and Accounts Committee reported having examined claims in the sum of \$9,539.27, and recommended payment thereof.

Adopted.

Ald. Mooi reported on behalf of the Committee on Public Buildings in regard to the painting of Engine House No. 2. It was reported that the contractor, Mr. De Ridder, had been requested to do some extras which amount to \$15.00 and the Committee recommended that this be allowed in addition to his contract which was in the amount of \$120.00.

Adopted.

Ald. Kalkman contended that the old garage adjoining Engine House No. 2 should be torn down, and a motion was presented by Ald. Kalkman, supported by Kleis, to this effect.

In discussing this matter, however, it was brought out that if this garage were torn down, it would be necessary for the city to build a new one to house the cars of the night firemen. A substitute motion was offered by Ald. Steffens, 2nd by Smith.

That the matter be referred to the Committee on Public Buildings for further consideration. Adopted.

The Music Committee reported having received a request from the Chamber of Commerce for permission to have the American Legion band give two of their summer concerts at the resorts instead of playing at Kollen Park, one to be given at Macatawa Beach and the other at Ottawa Beach sometime during the summer. Committee stated that the Band is willing to do this providing it met with the approval of the Council.

Granted.

Communications From Boards and City Officers

The claims approved by the Hospital Board in the sum of \$6,396.88; Library Board—\$254.46; Park and Cemetery Board—\$1,811.80; Police and Fire Board—\$1,736.12; Board of Public Works Operating Account—\$8,625.12; Light Plant Construction account—\$21,866.87, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)

Allowed.

Board of Public Works reported the collection of \$5,708.76; City Treasurer—\$4,087.22.

Accepted.

Clerk presented report from City Inspector Wiersma giving a resume of his activities during June.

Accepted and filed.

Clerk presented communication from the Board of Public Works recommending that the Council pass the necessary resolution requesting a permit from the State Highway Department to construct a 6" water main across River Ave., being Trunk Line US-31 adjacent to the premises of the 7-Up Bottling Works.

Adopted.

Clerk presented communication from the Board of Public Works together with a proposed ordinance relative to the installation of electrical wiring and electric signs. Said Ordinance has the approval of the Board of Public Works and suggested that it be referred to the Ordinance Committee.

Adopted.

Motions & Resolutions

Ald. Steffens reported recommending that the Netherlands Museum be permitted to move their exhibit into the old hospital building inasmuch as the Masonic Temple, where the exhibit is now stored, is to be torn down. This brought up some discussion relative to just what provisions had been made in regard to the expense of maintaining the old hospital and grounds.

It was the contention of Ald. Smith and Mooi that Council should not permit them to use this building without a definite understanding as to just what it involves.

Ald. Smith stated that he had no objections to their using this building providing they would take care of all expenses in connection with the heating and

maintaining of the building and the Clinic.

Ald. Mooi also took the position that there should be an agreement in writing before the Council grants them authority to use this building. It was moved by Ald. Mooi, seconded by Oudemool, that this matter be referred to the Museum Committee which had been appointed by the Mayor quite sometime ago, namely, Alds. Steffens, Oudemool, Menken and Vandenberg. Adopted.

Ald. Kalkman stated that he had received requests for widening the sidewalk on West 15th St. between Pine and River Aves. near the High School in order to accommodate the number of students who use this walk.

Referred to Sidewalk Committee.

Ald. Kleis reported that complying with a recent request of the Council, the Pere Marquette Railroad Co. has agreed to fix up all the railroad crossings from the depot to the city limits.

Accepted and filed.

Clerk reported that four, one thousand dollar bonds should be called for payment on August 1, 1939. This is in accordance with a resolution passed by the council at the time these refunding bonds were issued in 1933. Mayor called upon Ald. Steffens, chairman of the ways and means committee, to draw the numbers, which were as follows:

Series A—No. 13.
Series A—No. 18.
Series A—No. 7.
Series A—No. 23.

Clerk instructed to give the usual notice for the calling of these bonds on the next interest date which is Aug. 1, 1939.

Adjourning.

Oscar Peterson, City Clerk.

ASKS RESORTERS TO VISIT LOCAL OFFICE

An invitation to resorters to visit the office of the Holland Chamber of Commerce was extended by E. P. Stephan, secretary-manager, this week.

Mr. Stephan issued an official welcome to tourists and cottagers in this area from the Chamber of Commerce, wishing them a pleasant vacation.

He offered to serve the visitors through the information bureau in the office. "We have road maps of every state in the union, complete World's Fair information, and information on scenic drives in this area," he said.

The Chamber of Commerce has arranged a registration booth in the local office, and upon registering, visitors are given wooden shoe booklets describing Holland and vicinity.

The local office is located in the tower clock building on the first floor, at the intersection of US-31 and M-21.

GIVES METHOD OF DUSTING POTATOES

Allegan, July 6.—Methods of dusting potatoes practical for small acreage growers were described here by County Agent A. D. Morley. The operation will give 90 per cent as good results as high-powered sprayers, he declared.

Starting early, soon after potatoes first appear above the ground, the dusting should be repeated five to eight times during the growing season. It should be done when the air is quiet, but it is not necessary to have dew on the vines for good results.

Formula for the dry mixture includes 80 pounds hydrated lime, 15 pounds monohydrated copper sulphate, five pounds calcium arsenate, which is mixed thoroughly in a rotary type mixer to insure even distribution of poison and copper in the lime.

Rev. John Looman Will Speak in City Sunday

Special music and singing will be heard. Also, this meeting will be the farewell meeting of Corps Cadet Anna Stahl, who has sold War Crys in this city for the past three years, and is now returning to her home in Huron, S. D.

Winners Listed of Annual
Chicago-Macatawa
Bay Race

Sailing members of the Lake Michigan Yachting association Sunday climaxed their opening regatta week-end with races over a double course on Lake Michigan.

The cruising time prize was won by Betty Bro, a Class C cruiser, skippered by Milt Friend of the Columbia Yacht club of Chicago, and the Universal time prize was won by the Lively Lady, a Milwaukee boat skippered by Otto Greher.

Betty Bro was the first boat to pass the finish line, leading the squadron of billowing sails in from the north leg of the course by several minutes. Numerous spectators and local residents lined the breakwaters at Macatawa and Ottawa Beach to watch the races and to snap pictures of the sight. More than 40 boats sailed in the race Sunday, all being visible on the horizon.

Most local boats in Sunday's race were 22 square meter entries, sailing the shorter course. The 22 square meter race was won by Irving Orr of Macatawa, in an elapsed time of 1:37.12 and a corrected time of 1:37.24.

Other finishers in that class were Hollis Baker, 1:38.50 elapsed and 1:39.02 corrected; Chester Van Tongeren, 1:42.34 elapsed and 1:42.46 corrected; Bob Herman, 1:42.55 elapsed and 1:43.07 corrected; Harold Ver Meulen, 1:45.11 elapsed and 1:45.23 corrected; Jack Deane, 1:47.56 elapsed and 1:48.08 corrected. De Pree Tell of China

Dr. and Mrs. H. P. De Pree, missionaries in Amoy, China, for 32 years, were guest speakers in Second Reformed church Sunday morning. Dr. De Pree, who had charge of the regular morning service, gave reasons for returning to China by describing the appeal of the moving millions of China, many of whom are refugees and without a home. Dr. De Pree described the opportunity of directing them to God at this strategic period in China's history. High officials of China make great efforts to inculcate religious principles in the youth. They realize that the reconstruction time for China is ahead and desire ideal schools and education for the young people.

Mrs. De Pree spoke to the Sunday school. She described conditions in China, 30 years ago, when meager equipment and superstitions of the people were handicaps and slow progress was evident. In recent years, however, modern ideas have greatly changed conditions so that they live as the rest of the world. War conditions, however, have again brought remarkable changes so that it is necessary to go back to pioneering. Mrs. De Pree described the changes in flags of China. Thirty years ago Japan was troubling China and this same condition is so evident today. She described Japan's full equipment in contrast to China's great man power, patience and patriotism.

Mrs. De Pree has been in this country about three years and Dr. De Pree, who was president of the South Fukien Theological Union seminary of the Church of Christ of China, has been here more than a year. They plan to return this summer. Their children will remain in this country. Carol is in an eastern institution. Lois is Mrs. Chapman of Birmingham, Mich. Harold is attending Rush Medical at Chicago and David is a student at Hope college.

Mrs. De Pree Honored

De Pree and Miss Edna Brandt of Zeeland; Mrs. C. Marsh-

man and Mrs. Everet Stadt of Grand Rapids. John, Philip and David Van Eenennaam of Muskegon and Phyllis Van Eenennaam, daughter of Mr. and Mrs. Julius Van Eenennaam of Charleston, W. Va., who is spending some weeks visiting her grandparents in Zeeland, were also present.

PLAN VISITS TO SEE TROOPS AT CAMP GRAYLING

Friends, Relatives Advised to Attend Pageant and Review

Holland Company Has Eye on Softball Crown in Annual Play

Many friends and relatives of national guardsmen of Company D of Holland likely will go to Grayling Saturday, July 15, to visit the guardsmen and witness a review and pageant that will be one of the features of the annual two-week encampment which starts Saturday.

Sgt. Henry J. Rowan recommended July 15 as the best time for visits when the governor's review of all troops in the camp will be followed by a pageant to be presented by the various companies.

No schedule for visitors has been announced, but they will be permitted at the camp at any time until 10 p.m. each night, it was said.

Visitors attending camp Sunday, July 16, will be served dinner in the company mess hall. The best route by which visitors may reach Grayling is to take US-131 to Kalamazoo and then to Grayling.

Company D, leaving here Friday at 11:05 p.m. on a special train, will arrive in Grayling at 9 a.m. Saturday and will rest on Sunday. Memorial services will be held Sunday, July 16, on Division hill and all enlisted men must attend.

July 19 to 22 has been set aside for maneuvers. Troops will return to camp Friday, July 21, and prepare to break camp. Guardsmen will leave for home Friday afternoon and night. All troops are scheduled to arrive home Saturday July 22.

The training schedule, especially for the local unit, calls for much outdoor firing this year, using both the automatic pistol and the machine gun.

The Holland guard unit will not participate in the pageant this year. Because they were not advised as to the pageant until late last week, the company is unprepared.

An extensive athletic program has been arranged for the camp members, but no definite schedule has been released. Boxing, track and swimming contests will be held, and it was reported that Holland will have entries in all divisions.

The Holland company plans to go after the annual softball tournament title. The locals lost last year to Company E of Big Rapids, 8-6.

Maj. Henry A. Geerds will be at the camp in his capacity as regimental plans and training officer. Capt. H. Austin Lucas will be in charge of the local unit.

Other men who will attend the camp are First Lieut. Martin Japenga; Second Lieut. Richard Smeege; First Sergeant Henry J. Rowan; Sergeants Horace T. Dekker, Homer C. Lokker, William Schuurman, Horace H. Troost, Nevin I. Van Anrooy, Oscar J. Van Anrooy and Ted Wierda; Corporals Malcolm J. Baron, Ivan P. DeNeft, Donald C. Dykema, John Fleeman, Jr., Russel Kemper, John H. McCormick.

Privates, first class, Ralph Arnold, John Brand, Henry D. Gebben, Walter A. Jacobs, Donald C. Johnson, Ralph Meuwens, Lewis E. Ploeg, Gary Riphagen, J. A. Van Faassen, Carl Volkema and Max Welton.

Privates, Allan A. Borr, George Bruusma, Marinus Bruusma, Albert Casenier, John Casenier, Herbert Coppemith, Jr., Gerald W. Dornbos, Henry Gebben, Paul H. Henegans, Marvin G. Henegans, Robert J. Sullivan, Charles F. Taylor, Robert E. Vanderhart, John Van Nul, William J. Verhey, Henry Wehrmeyer, Henry Windemuller, George Zietlow and William Zietlow, Jr.

There is still room for a couple of more good men. Those wishing to apply can get in touch with Sergeant Rowan any time today at Holland army.

Tragedy of Civil War Is Shown in Records Here

Not all items which have been preserved by residents here pertain to The Netherlands.

Such an exception is shown in a small packet of letters, government documents and confederate bonds, in the possession of Mrs. James De Pree of Holland, which reveal much of the tragedy of the south and the confederate army during the Civil War.

Workers in the Survey of Historical Records, under the direction of Willard C. Wichers, seventh district supervisor, with the cooperation of Mrs. De Pree, whose family they conserve, listed these papers.

That the confederate soldiers were convinced as to the righteousness of their cause, and filled with a sincere doubt as to the wisdom of a humane government is evidenced in the letter written by officers and privates in the Confederate army.

Robert I. Wilson, plantation and cotton mill owner, grandfather of Mrs. De Pree, came to the immediate assistance of the beleaguered south and provided confederate troops with outfits and horses. He incurred, by so doing, the displeasure of the United States government. Subsequent records show that Mr. Wilson, in order to be reinstated in the good graces of the Government, had to sign an "oath of amnesty." This document was duly signed and registered with the department of state in December of 1865. These papers were signed by William H. Seward, secretary of state, as well as Mr. Wilson.

A letter from a soldier at Manassas, written Jan. 23, 1862, to Mr. Wilson states: "The Union army is making a death struggle in most states and one more Manassas battle will decide the war, and put an end to the great national debt that is accumulating." He also says, "England may raise the blockade, which is all we ask of her hands, for we are quite able to fight the enemy on land."

In June of 1864 Sgt. Major E. T. Clayton wrote to his mother from the line of battle in Hanover county, Virginia. He said that they could not make the foe attack and that fighting on May 30 resulted in the capture of 200 Yankee prisoners. The letter ends, "Do not be uneasy about me; if I fall it will be in discharge of my duty and for my country, and if I had a dozen lives I would cheerfully give them if providence so ordained." He was killed during the next battle.

A letter from Benton McMillan, later governor of Tennessee, written to Miss Sue McEwan in February of 1867 thanks her for her kindness to his brother, James, who was fatally wounded at Franklin, Tenn. He also says, "Developments that have been made since the war closed only prove that the apprehensions of the southern people were too true, that we need exact nothing but oppression, unrelenting."

The matter up for discussion concerned the No. 2 fire engine house. Ald. Herman Mooi had reported that the painting job had been completed but that it had been found that new mortar was needed between the bricks in the tower. He presented a motion, supported by Ald. Frank Smith, that \$15 be appropriated to carry out this work.

Upon gaining recognition from Mayor Henry Geerlings, Kalkman said that for \$110 the entire building could have been painted in instead of only part of it. He then pointed out that the old building on the west side of the building was an "eyesore" and should be torn down.

He presented a motion to this effect and upon being informed by the mayor his motion was out of order Kalkman offered it as a substitute motion.

Lokker then informed council about the correct procedure it would have to have. Kalkman still considered his motion a substitute one but Mayor Geerlings said it died for lack of support.

After council passed the \$15 allowance motion, Ald. Albert P. Kleis said Kalkman's motion would be in order and after the aldermen submitted it again, Kleis supported it.

Mooi informed councilmen that the building is used as a garage by firemen, especially during the winter, and that if the city was willing to replace it, the committee on building and grounds would consider tearing it down. Kalkman said the work could be done cheaper at this time than later.

Ald. Martin Oudemool asked whether money had been appropriated in the budget for this work. Mayor Geerlings said no.

Ald. Ben Steffens offered a substitute motion to refer the matter to the building and grounds committee and when called for a vote this motion passed.

TICKS KILL MOOSE

patron, and ruin from a radical administration of the government. My brother who went through the war, and did not lose his life, had to leave the state, and is now in Texas. He has recently been pardoned, both by the president and the governor, and could return home, but I suppose he will prefer a home in a warmer and more genial climate."

Going back to 1817, James King wrote from Albany, N. Y. concerning the late war and the Erie canal. "I was appointed by the governor as one of the delegates to meet Commodore McDonough, and to present to him the sword voted by the legislature of this state as a reward for capturing the British fleet on Lake Champlain. The sword was of the most elegant workmanship, costing \$300." The late war has removed all doubts and scruples respecting our constitution. It has shown that it possesses the bones and new once doubted by even its fathers. So much has the reputation of that charter been enhanced by the late experiment (I mean the late war in its operation) that we may safely calculate on it as a palladium that will protect and guard our nation through many ages yet unborn.

"This day Governor Tompkins resigned his office as governor and left town for Washington to be installed as vice-president. The legislature of our state is now in session. Much important business will be brought before them. The committee appointed to explore the routes of the canals from Lake Erie to the Hudson, and from Lake Champlain to the Hudson, have recommended that the canals on both routes be made. The one from Erie for five millions of dollars, and the other for seven hundred thousand. Public improvements in this state are progressing very rapidly, and when our great canal shall have been finished we can boast the eighth wonder of the world."

Marriage in 1817 was undertaken only after much thoughtful consideration, and was an institution whose permanence was not questioned by the participants. The writer says on this subject, "No gentleman is entitled to a wife before he is 28 or 30 years of age. Having prescribed this maxim for the government of my own conduct, I may probably after my tetter has run out, get married. The maxims and spirit of our institutions require us to marry; and a man cannot assume his responsibility without according to this regulation."

All future activity must of necessity be built on past achievement, and a comprehension of the structure on which it is building. These letters are vital, authentic records of human progress depicting faithfully a nation's struggle through difficulty and adjustment. The government is preserving to the future this valuable data through the work done by its representatives on the Survey of Historical Records.

The regular meeting of the consistory was held at the church Monday evening. It has been decided not to hold a meeting of Women's Missionary Society during the month of July. Saugatuck
The rare blue rose, owned by residents of Central Park and Montello park is duplicated in the rose garden of Judge S. L. Newnam of Saugatuck. The rose, on a trellis about 10 feet long and six feet high, is Judge Newnam's special pride, and has been a mass of bloom of rare beauty. The flowers have a definite bluish tinge, and the leaf is of a rather glassy texture. The bush was presented to him by his daughter, Mrs. Besie Neil, of Payson, Arizona, about five years ago, and Mrs. Neil also has one in her own yard.

Saugatuck
The rare blue rose, owned by residents of Central Park and Montello park is duplicated in the rose garden of Judge S. L. Newnam of Saugatuck. The rose, on a trellis about 10 feet long and six feet high, is Judge Newnam's special pride, and has been a mass of bloom of rare beauty. The flowers have a definite bluish tinge, and the leaf is of a rather glassy texture. The bush was presented to him by his daughter, Mrs. Besie Neil, of Payson, Arizona, about five years ago, and Mrs. Neil also has one in her own yard.

POWER OF SAND IS REVEALED AT BURIED VILLAGE

Resorters, Tourists Have Chance to See Town That Isn't

Resorters here who'd like to see something that "isn't" might spend a few hours in looking up Saugatuck, the buried town on the shores of Lake Michigan at the mouth of Kalamazoo river in Allegan county.

The expense of sand that once was a lumbering center stands as a warning for many in this section. Action has been taken in various ways to combat the inroads of the sand.

So inexorable has been the shifting sand that at Saugatuck, in neighboring Allegan county, once viewed the dunes as a serious menace. Old-timers recalled how that "ghost" town of Saugatuck finally was engulfed by the dunes and how, later, the summer home of Jay Hamill, of Chicago, had to be excavated like an archeological find each spring and finally was abandoned as unfit for use. Today only the roof of the home shows above the dunes.

It was the Saugatuck problem which first attracted the attention of experts interested in erosion.

As a result of a study of the situation, Mr. Balch, head of the yellow dunes 400 feet over Lake Michigan, has been more or less held in place by a program of systematic planting. The late Prof. John D. Nies, of Saugatuck, recommended that hardy shrubs and grasses be planted about the sides of the dune. The planting was carried out by Saugatuck officials and that state department of conservation with gratifying results.

Ray Nies of 577 Michigan ave., Holland, is one person who holds an unusual interest in the history of Saugatuck.

By the very nature of its prosperous and sudden rise 100 years ago as a lumber port at the mouth of the Kalamazoo river on Lake Michigan, Saugatuck was destined to be short-lived. Concealed as a lumber center by a Boston capitalist, Ocie Wilder, Saugatuck boomed to a sizeable town of between 300 and 400. Then came the great Chicago fire in 1871. By no great stretch of imagination, the same famous cow owned by Mrs. O'Leary that upset a lamp, setting fire to a barn and ultimately to the entire city also sealed the prosperous existence of the town of Saugatuck, Mich., 150 miles away.

So great was the demand by Chicago for lumber with which to rebuild after the fire, Mr. Nies explained, Saugatuck's mills were soon to cut up all available timber for miles around. The result was inevitable: no lumber, no work, and Saugatuck's sole excuse for being vanished.

The surrounding land denuded by the enterprising lumbermen, there was nothing to keep the sand from shifting in vast quantities, and Saugatuck, deserted by its 400 population began to fill up with sand until today it is completely buried. Cottages on the dunes now mark the spot of the hidden village.

History is vague on the actual date of Saugatuck. Mr. Nies, who graduated left Holland to go to Saugatuck in '81, dates its founding close to the year 1830. Sawmills were established and the town grew to have its own bank and stores and one house of three stories. It became an important lake port. Mr. Nies states, as its lumber activities increased and in time many shipping vessels stopped at the port.

"Saugatuck was a going town when Holland was just being settled," says Mr. Nies. "My grandfather, E. Kruijsenga, left here in 1851 and went to Saugatuck where he served as an engineer for a number of years. Others from Holland made their way to the lumber town, including John Brewster, corner of River ave. and Second st."

Large fortunes were made in Saugatuck while the lumber business lasted. Mr. Nies referred to the late Frank Stockbridge, Michigan senator, and the founder of the Johnson wax concern as two who profited from the "wild-cat" settlement. Johnson, he says, went into the hardwood business, moved to Racine when the supply of timber here was exhausted and developed a wax used as a finish for the hardwood. This latter phase of his business eventually became the biggest one. A son of Johnson who started his career in Saugatuck visited Mr. Nies several years ago while on a visit in this vicinity.

About the year 1880, 50 years after the Chicago fire, Mr. Nies states that Saugatuck began to decline as the lumber disappeared. Soon it was nothing more than a "ghost" town with only one family remaining, that of Jim Nichols. Nichols, Mr. Nies recalled, was a fisherman. He and his family moved into the downstairs part of the three-story house as others packed up and moved away. There was nothing to stop the sand from drifting in and around Saugatuck and Nichols and his family were soon obliged to move to the second story. In time the second story filled with sand and the Nichols moved to the third story. The drift of sand was unchecked; the third story filled in and Saugatuck's last family had to leave. Only a few shingles above the sand.

Even this was not long to show, says Mr. Nies, but for reasons other than sand. On a winter day in 1898, Mr. Nies and his brother-in-law, the late Fred Wade, former Saugatuck postmaster, donated their skates and left Saugatuck for Holland. After visiting in Holland, the two started back, got as far as Saugatuck and stopped to rest.

"We were both tired and hungry. While we rested we began to get cold and my brother-in-law started to look around for something to burn for a fire. The only wood nearby was this peak ridge of the old frame house with its dried, weather-beaten shingles. But 'it was all we needed. My brother soon had the shingles burning. And that was the 'final end' of Saugatuck."

Included in the resolutions adopted at this Detroit meeting was the following statement: "Michigan has been much misrepresented abroad, and the agent of these colonists had come here prepossessed against us, and inclined to go elsewhere. But he had met with sympathy, countenance and aid, and was disposed to commence his colonization here. By so doing he was entitled to our

cooperation; and a little sacrifice by individuals, a little advice and attention to immigrants, might be of inestimable advantage."

On Feb. 17, 1847, Rev. Van Raalte was again in Kalamazoo at the home of Rev. Hoyt. The head of the colony, with his family was then en route to the land he had purchased at the mouth of the Black river. His family resided with a missionary to the Indians about six miles from the present site of Holland while a clearing was made and a cottage erected.

Rev. Van Raalte's resources were reduced then to about \$400. It was estimated that the cottage would cost at least \$300 with added expenses of acquiring cattle implements and other necessities. Rev. Hoyt proposed to raise in Kalamazoo and vicinity, sufficient funds to maintain Rev. Van Raalte and his colonists for six months.

When the main party of the colony proceeded from the St. Clair shippards, they took the Michigan Central to Kalamazoo. Rev. Hoyt quartered them in the rear of a mercantile building and arranged for teas to take them to Allegan. At that place, Judge Kellogg quartered them in vacant barns and sheds. They purchased supplies and utensils in Allegan before proceeding to their new home.

Nathaniel A. Balch of Kalamazoo, took an earnest interest in the projected Holland colony in the Black river valley. He had gone to Kalamazoo in 1886 and assisted in organizing Kalamazoo college. He studied law and was admitted to the bar in 1840. He served as prosecuting attorney and in 1847 served as state senator. During Buchanan's administration, Balch was postmaster in Kalamazoo. He was candidate for congress in 1860, but was defeated.

Rev. Hoyt of Kalamazoo who was active in aiding the colonists in Kalamazoo, was engaged in home missionary work in Western Michigan for many years. He was born at New Haven, Vt., May 25, 1800. He was graduated at Middlebury college in 1821 and from the Andover Seminary in 1824. For five years he was Presbyterian minister at Potsdam, N. Y. and then entered home missionary work at Utica. While riding in a stagecoach from Cleveland to Detroit he made the acquaintance of Judge Hezekiah G. Wells of Kalamazoo and in 1840 became pastor of the Presbyterian church there. He held this charge until 1853. After resigning as an active pastor he became secretary of the American Board of Foreign Missions. Later he removed to Elkhart where he preached four years. In 1863 he returned to Kalamazoo to spend his declining years. He died Feb. 11, 1866.

The Rev. George N. Smith, pioneer missionary among a band of Ottawa and Ojibway Indians, at a mission on Black lake, gave shelter and assistance to Rev. Van Raalte on his arrival. Rev. Smith was also an early settler in Kalamazoo county.

Jeroboam-1 Kings 11: 26-31, 37-40

By Henry Geerlings

Our study today is about a leader who does not often come before us except in an incidental manner. But he occupied a position of such prominence as to his being given more consideration than usual. He was a person of considerable ability, though he does not seem to have been judicious in laying the plans to achieve what under God had been assigned him.

He was not of royal birth. He rose from the ranks to become a high official under Solomon. His executive ability attracted the king, who put him in charge of some of the public works. The time came when Jeroboam was called aside by one of the prophets and told symbolically that he was to be a future king over ten of the tribes of Israel. When this prophecy came to the ears of Solomon, he took immediate measures to prevent such a rebellion by trying to kill Jeroboam. He found refuge in Egypt and remained there until he received word of the king's death. He immediately returned to his homeland and assumed the leadership of the ten rebel tribes for he realized that unless they received fairer treatment from Rehoboam than they had from Solomon they would rebel openly.

The writer is careful to tell in detail who Jeroboam was, where he hailed from, who his mother was, and what the nature of the stand he took against the king. He was evidently not descended from a noted or conspicuous family, though that was not a serious handicap for the reason that he had in him the ability to accomplish unusual things.

He seemed to be a child of destiny because when he was a young man, ready to step into a responsible place, Solomon was losing his hold upon the affections of the people and the affairs of the nation, and for no other reason than that he had become immoral and extravagant.

What further assisted him was the fact that he belonged to the tribe of Benjamin, the strongest and most strategically located of the twelve tribes with the exception of Judah. It will be seen therefore that he had much in his favor, both possessing the qual-

ities of a leader and growing in popularity while the king was declining in popular favor.

Jeroboam was a very ambitious man. There is nothing necessarily wrong with ambition. It all depends on how we define it and what use we make of it. The unfortunate thing about Jeroboam was that he tried to put himself forward at the expense of others.

Solomon was on the throne at the time the discovery was made that Jeroboam had in him unusual gifts and remarkable ability. This combination would have made him a very useful man among the people of God had he been able to direct himself in ways that would have served the people among whom he lived.

There can be nothing wrong about any effort on our part to advance ourselves provided we are not prompted by selfish motives in doing it. There are those around us everywhere who are driven forward by the same spirit that Jeroboam possessed. They do not seem to care how many people they harm or drag down so long as they themselves are advanced.

However, this spirit cannot continue very long without being rebuked by some one. The Bible is very clear in the statement that those who are doing their utmost to exalt themselves will be abased, but that those who are humble will some day be exalted.

One of the first principles we ought to learn in life is that we promote ourselves when we elect unselfishly to advance others. This is a quality therefore we find in this ambitious man which injured him. He did himself more harm than any one else did. There can be no doubt that God intended to place him in a very exalted position in the life of the nation, and this really happened though he spoiled it all by a wrong spirit in which was found the desire to defeat every one else who was his rival.

Jeroboam had a wonderful opportunity, but his uncurbed ambition prevented his making the best use of it. Pride in self made him talk too much. His willingness to detract the king was carried to Solomon, and to save his life, he fled to Egypt. This very fact disqualified him for being king. Kingship was out of his reach with hands already twitching for the murder of Solomon. He spoiled his chance.

When Chief Antles brought the matter of the appointment of a new officer to the board's attention, Commissioner Cornelius Steketee, contending that the civil service examinations would still be in effect, moved for the appointment of the third highest man.

Graduate of Theological Seminary Weds G.R. Girl

Eighth Reformed church in Grand Rapids was the scene of a lovely summer wedding Friday afternoon when Miss C. Wilma Vander Wende, daughter of Mr. and Mrs. Frank K. Vander Wende of Grand Rapids, became the bride of John H. Piet, son of Reinder Piet of Grand Rapids. Mr. Piet was graduated from Western Theological seminary in May.

Vows were exchanged before a background of evergreens and ferns, baskets of Easter lilies and garden flowers and lighted tapers in candelabra. The Rev. William Gouloze, pastor of the church, and the Rev. John A. Klaaren of Chicago officiated at the service which took place at 4 o'clock in the presence of 100 guests.

Charles F. Mills at the organ played the wedding music which included the traditional marches and a short recital before the ceremony. John Weaver, Jr., violinist, played "I Love You Truly" and "Because."

The bride's gown was an empire model of white marquisette, the full dirndl skirt began gathered in by a three-inch insert of embroidered organdie and three narrow rows of Valenciennes lace. The same organdie and lace made the back of the bodice and the short sleeves and was used for a narrow edging around the square neckline.

Her fingertip veil of illusion tulle fell from a tiara of white flowers and she carried a shower bouquet of white roses, swainsona and baby breath. She approached

the altar on the arm of her father.

The bride's only attendant was her sister, Mrs. Frederick Roelofs, who wore a gown of turquoise blue chiffon, made similar to that worn by the bride. The square neckline was outlined with self shirring which also made the wide girdled waistline. Her flowers were larkspur, pink roses and baby breath.

The Rev. Stanley Newcomb of Laguna Beach, Calif., assisted his brother as best man and the guests were seated by Maurice Snyder of New York and Dr. Paul Anton Van Pernik, Mrs. Catherine Boonenberg, who was mistress of ceremonies.

CITY NEWS

Mr. Rogers and conducted it in De Grootweg building at River Ave. and Seventh St. The late Gerrit Van Schelven again became editor.

For a time it was published by the late J. B. Mulder and John Nagelkerk. The latter at the time of his death conducted the Cresson News at Grand Rapids.

Ben Mulder and his brother, the late Charles L. Mulder, purchased the Holland City News from their father 47 years ago. Charles L. Mulder died 35 years ago and the widow was a co-partner until four years ago when Mr. Mulder became sole owner.

Nick Whelan was interested in the newspaper for a time as an editor but he retired nearly 15 years ago.

Mr. Mulder has been doing the editorial work and historic features and the writing in general for the Holland City News for the last 30 years. Altogether he has spent some 51 years in newspaper work in some capacity.

Besides devoting his time to newspaper work, Mr. Mulder has been interested in civic matters. For some time he was a member of the board of police and fire commissioners and chairman of that board. Under the regime of Mayor Henry Bruze, the veteran editor was appointed on the commission to revise the city charter.

For some years, he was a member of the Holland harbor board as well as of the Western Michigan Harbor association.

Mr. Mulder recalled today that while he was a member of the police and fire board, decision was made to change from horse-drawn equipment to motorized equipment for the Holland fire department and the first American-LaFrance fire truck was purchased. This truck is still in service today, having been purchased 23 years ago.

Mr. Mulder was a member of the committee which worked diligently fostering the Michigan Erie highway from Holland to Toledo. A start was made in this city through the Holland Chamber of Commerce and the Holland end from this city to Allegan through Hamilton has practically been laid as are many stretches of road beyond Allegan. Eventually this highway will be completed from here to Toledo, connecting the two great lakes, Michigan and Erie.

For the past four years, he has served as a member of the Ottawa county allocation commission, having to do with the apportionment of funds as this relates to city and rural schools, representing Holland in this capacity.

As a delegate to the Republican national convention, held at Cleveland, O., in 1936, he aided in the nomination of Gov. Alfred M. Landon for president of the United States. Mr. Mulder was named delegate by the Ottawa and Kent county delegations. At the present time, he is a director of the Republican county committee.

He also is a member of the Holland Chamber of Commerce and Holland Exchange club.

Mr. Mulder's future articles in the Sentinel will be largely of a historic nature as he has been given the privilege of selecting his own matter and making his own assignments.

The editor of 51 years, experience was managing director and associate editor of The Sentinel for 18 years before the paper was purchased more than 11 years ago by its present owners.

It is Mr. Mulder's intentions to continue the operation of his job printing office under the name of the Holland City News Printery in the same building where it has been located for the last 46 years.

ART SHOW OPENED IN SAUGATUCK FOR JULY 4 WEEK-END

The first of the annual summer showings under the auspices of the Art Association of Saugatuck opened at the Village Hall Sunday, July 2.

Mrs. W. A. Comey, director of the art association for the summer, was hostess, serving refreshments and introducing visitors to artists present.

Mrs. O. S. Heide, Chicago writer, gave excerpts from Edna Ferber's "Nobody's in Town."

According to Mrs. Comey, a preview of the first show in the Art Exhibition Galleries at Saugatuck revealed a spirit of undisturbed beauty that was extremely refreshing.

"To the layman the bewildering eruption of coarseness in line and frankness that has been almost brutally repulsive, has led him to believe that the school of realism has stepped beyond the bounds of his understanding, and that he must therefore turn to the old masters for relief and livableness."

"Pictures at the gallery this summer have an emotional appeal for sheer beauty, boldness in conception and strength of line," Mrs. Comey said.

The work of such exhibiting artists as Carl Hoernemann, F. F. Fursman, William Greason, Albert Krenbiel, Cora Bliss Taylor, Arne Bothold, Pearl Greason, Christina Hoernemann, is particularly invigorating, it was said. Their work is entirely in oils, and the canvases glow in shadow and sunlight. The artists mentioned above are nationally known.

Other artists, which contributed to the show were Lucille Fursman, Louise Crawford, Joy Taylor, Jean McIntosh Vaileau, Harry Ford, John Crapple, T. E. Tallmadge, Michael and Alice Mason, and Margaret Webster.

A second show, which will include new names, and the work of water color artists will open July 23. The month of July, with a flow of visitors expected to Saugatuck, will mean much to the artists there. Their second month's activity in August will be climaxed in the annual Art show Aug. 22.

evidence in Holland, at the state parks and other places.

Reports were that other beaches along Lake Michigan were crowded with visitors.

No serious automobile wrecks occurred in Holland and vicinity. Two minor accidents occurred about 5 p.m. Tuesday on the north shore road near the Armour Leather Co. plant.

Automobiles driven by Robert E. Peterson, 17, of Chicago, and Mrs. H. P. Harms, 29, 20 East 23rd St., figured in a crash at Ninth St. and River Ave. at 3:30 p.m. Tuesday. Local police were advised that Mrs. Harms who was going west on Ninth St., drove through a line of parked cars, headed north, in front of the Peterson car, which was traveling south on River Ave.

A minor accident occurred at 1:15 p.m. Tuesday at 13th St. and Central Ave. between automobiles driven by Harvey Bruker, of Fennville and Chester Hill, West 15th St. Police reported Bruker was going west on 13th St. and Hill was traveling north on Central Ave.

Robert M. Williams of Los Angeles, Cal., was arrested Tuesday night on the Ottawa beach road near the Park Township airport.

His arrest was made by Deputy Sheriff William Van Etta, William Steketee, William Kruthof and Rufus Cramer after Williams was alleged to have cut out of the line of traffic, caused by the celebration at Waukazoo. He was finally forced to halt his automobile when he met a car coming from the opposite direction.

Speaking at the Fourth of July celebration, held Tuesday at Waukazoo under the auspices of the North Shore and South Shore Community clubs, John R. Dethmers, local attorney, declared that if Americans did half as much for "Americanism" as some citizens are doing for other "isms," this country would have no fear as to its future.

"While this day is set aside for recreation and rest, attention should be called to the many advantages of living which are offered in this country that can not be found elsewhere."

The Waukazoo celebration opened in the forenoon and continued through the day with a fireworks display and roller skating at night.

An estimate at 4:30 p.m. placed attendance at 9,000. Reports were that many persons left during the supper hour and returned afterward for the fireworks display.

Mr. Dethmers said the holiday should not be observed only as a remembrance of the signing of the Declaration of Independence but also as a day to commemorate "our freedom and liberties" granted in the constitution which he charged could not be found in such countries as Germany and Russia.

"In this country today, there are many persons who are sowing the seeds of 'isms' that would take away our liberties and provide such conditions in America as exist in these dictator countries. If this should happen, then no longer would the state exist for the betterment of the people but that the people would exist for the betterment of the state."

In closing his talk, Mr. Dethmers praised the work of George Heneveld, Park township supervisor, in providing places for recreation and entertainment in the township and he said he considered it a pleasure to dedicate the park for public use.

For the entertainment of visitors, a midway was set up which consisted of rides, concessions and games of skill. Baseball games and horse racing were attractions.

The fireworks display got under way at 9 p.m. and continued for over an hour.

A celebration at Drenthe was delayed at the start by rain. The Rev. A. Veltkamp opened the meeting in the Drenthe community grove with a welcome. Music by a male quartette and readings by Miss Edna Brower were given.

The entire community group sang songs, and the Rev. David Otto Fuller of Grand Rapids closed the afternoon meeting with prayer.

The afternoon meeting was opened by a band concert, and the evening session was also opened by band music. A pageant and a play were presented.

Prizes were given for sports and contests.

North Holland residents participated in an all-day celebration. Syrus Jasperse, lecturer for the Michigan Grange of Grand Rapids, was the main speaker. The program was opened at 9:30 a.m. by a band concert by the Hudsonville band.

A lightweight horse-pulling contest was sponsored during the morning program. A team owned by Clarence Raak won first, a team owned by Harold Harsevoort, second, and a team owned by Tony Riemersma, third.

In the afternoon, a team owned by Peter Baumann won first; team of Herman Harsevoort, second; and a team of Tony Riemersma, third in the heavyweight horse-pulling contest.

In guessing contests, Pierce Maassen and LaVerne Overbeek won first prizes. J. W. Bosman won the prize for the most bald-headed man.

North Holland defeated Harlem in a baseball game, 7-5. During the evening music and movies were enjoyed.

COUNCIL

(Continued from page one)

by Ald. Martin Oudemool, voted to refer the petition to the street committee for an investigation and that angle parking remain in force until Sept. 1.

With only eight aldermen present, the motion failed to gain enough votes to pass.

Those voting in favor of the motion were Kleis, Oudemool, Henry Menken, Herman Mooi. Those against it were Cornelius Kalkman, Ben Steffens, Frank Smith and James A. Drinkwater.

Containing approximately 71 signatures of downtown merchants, the petition set forth that the signers "believe Eighth St. should be and is used principally as the main shopping street in the city and that our customers and the public should be given the greatest convenience possible in parking on it; and that if angle parking on this street should interfere with its being used by the state for a trunkline, we would prefer angle parking to the use of the street for a trunkline."

Signers asserted they did not know of the change in the parking arrangements until they read about it in newspapers "with the greatest surprise."

"We feel that on account of the large amount of taxes the city collects from the merchants, and property owners on this street, our petition should be granted, and feel also that if it is not granted, our valuations should be lowered and taxes reduced."

"We would also petition you to do your utmost to prevent the passing of large gasoline transport trucks through the congested business area. We regard this traffic as a very great menace to life and property."

Parallel parking in Holland found support from Kalkman. He pointed out that the highway department had requested parallel parking in Holland two years ago but that council had voted it down with the idea of "Why let the state run city affairs?"

He said he had visited numerous Michigan cities and found parallel parking, adding that he could not understand why Holland did not wish to cooperate with the highway department. Kalkman contended that if the state highway department withdrew the money which it spends for snow removal in Holland the local merchants would have to pay the expense.

"Zeeland thought she would be smart and allow angle parking. Now they are sorry because the state highway department has removed the highway and the merchants have to pay for the snow removal," said Kalkman, who asserted that the police and fire department favors parallel parking in Holland.

When Kleis proposed the matter be referred to the street committee, Kalkman jumped to his feet and yelled, "Why let the street committee settle it? We can settle it here and now."

Ray Nies, local hardware dealer, who informed City Clerk Oscar Peterson that the petitions had been signed by 95 per cent of the Eighth St. merchants, pointed out to council that angle parking was allowed on the oval at Holland State park. He contended that the highway department did not object to the method of parking as long as city governing bodies approved it.

Steffens said he did not think it necessary for council to rescind its previous action, since the change in systems of parking has been unanimously approved by the aldermen at the previous meeting.

Locals Tie Ionia Team in 12-inning Match at Reformatory

Brooklyn Colored Nine Is Victor in Night Game at Riverview

A tie and a loss marked the record of the Holland Flying Dutchmen today after contests with the Ionia Reformatory nine and the Brooklyn Royal Giants in two holiday games Tuesday.

The Dutch and Ionia battled to a 5-5 tie at the end of 12 innings Tuesday morning on the reformatory grounds, and in a night game at Riverview Park, the locals took a 4-2 beating from the Brooklyn Royal Giants.

Holland, failing to score a win in the past three games, seeks to change current luck in a game with Grandville at Grandville Saturday.

Coach Benny Batema's team opened the Ionia game with its back against the wall. The Ionia club scored five runs in the first seven innings, holding a 4-0 advantage before a hard single against the right field wall brought DeWitt across the local plate.

In the eighth, a big-inning rally almost served the locals a victory. Down, 5-1, the first two men walked. Lokers struck out, and Teusink followed with a single to score two runs. He went to second as Claire Van Wieren singled on a blow to third base. Ken Vanden Berg sacrificed, and Don Van Lente's single to center field scored both Teusink and Van Wieren, and tied the game up at 5-5.

The teams tangled for four more innings after the eighth inning deadlock, and the game was called for lack of time at the end of the 12th.

Holland hit in the ninth, and Ionia hit three times in the 10th and 11th frames, but each inning ended with men on base.

Claire Van Wieren hurled for Holland allowing 13 hits, striking out nine men and walking five. Holland batters got eight hits off Smith, Ionia hurler. Twelve fanned and seven walked.

Holland in the sixth Tuesday night was down, 3-0, before a double to the right field fence brought in Driscoll and DeWitt in the eighth frame for Holland's only runs.

A double and a single earned the first run for the Giants in the second inning, and a single to short and an error scored the second run for the visitors in the fifth. The same combination, a hit and an error, afforded the invader's third run in the sixth frame.

In the eighth, with the score 3-0 against them, Driscoll led off with a single to short. DeWitt hit to right field, going all the way to second as Driscoll was held up at third. Don Van Lente smacked a hard double to right field to score both runners.

A triple by Jenkins, colored left fielder, after Johnson, right fielder, got a double for the visitors in the ninth frame, scored the last run for the Giants. Although Holland got a hit in the ninth, a strikeout and two putouts at first retired the side without scoring. Bob Vanden Berg, pitching for the locals, allowed but eight hits, struck out two men and walked one. Nix pitched for the visitors, striking out seven men, walking none, but allowing the Dutchmen 10 hits.

Ken Vanden Berg, brother of Bob, played in both games for the Dutchmen. He played for Barney Niefert, who was out with an injured arm. The younger Vanden Berg has had experience with Virginia park and a year with Hope college.

PHILLIPS SCORE WIN IN TILT AT KENT CITY

The Phillips 66 club of Holland scored a one-sided, 15-1 victory over the Kent City club at Kent City last Saturday afternoon.

A strong batting attack, which has been lacking in games so far this season, was displayed, and the exhibition marked the club as a tough one in the Lakeshore league for the remainder of the season.

Claire Van Wieren hurled for the local team, allowing but three hits and fanning 15 men. Cecil Serier, Verne Vandewater, Joe McCarthy, Claire Van Wieren and Nels Plagenhoef led the batting, each getting three hits.

HARNESS RACE HELD AT PARK

Holland and resort residents Tuesday watched the first trotting races on a local track in nearly 10 years when members of the North Shore and Virginia Park community clubs sponsored races on the new track at North Shore.

Start of the racing program was delayed because of heavy rain Tuesday morning put the track in bad shape for a scheduled 2 p.m. start. Before 3 p.m., however, the track had dried out, and horsemen found the track to be exceedingly fast.

Local and visiting horses turned out fast races over a half-mile course in several two heats each of the 2.25 trot, the 2.25 pace, and the half-mile free for all. One running race, for five-eighths of a mile, also was run.

Because horses were not in shape for the early season, but two heats were run. No prizes were offered, the races being held for the July 4 entertainment.

Heat winners were declared, but because only two heats were run in each race, no race winners were announced.

In the 2.25 trot, of two-one-half mile heats, Ray L. owned by the Oosting stables of Freemont, placed first and second; Holly Roy, owned and driven by J. Mohl of Marne, placed second and first; and Dewey Frisco, owned by Johnson and Jarvis of Lake Odessa, placed third twice. Prince Royal, owned by W. L. Eaton of Holland, was scratched. The first heat was run in 1:06.75; the second in 1:07.75.

In the 2.25 pace, Nancy Henley, owned by the Boone Brothers of Holland, and driven by Albert Boone, won both heats. Princeton, owned and ridden by J. Huyskens of Marne, placed second twice; Raven Cochato, owned by Mrs. D. Walker of Byron Center, and driven by John Boone of Holland, took two thirds; and Kelly Frisco, owned and driven by Jimmy Helder of Holland, took two fourths. Peggy Mac, owned by Johnson and Jarvis of Lake Odessa, and Star Gordon, owned by W. Diemer of Drenthe were scratched. The first heat was run in 1:03; the second in 1:04.

In the free-for-all, Captain Etewah, owned and driven by L. Manville of Grandville, placed first and second; Red Ormsby, owned by Johnson and Jarvis of Lake Odessa, placed fifth and first; Hi Speed, owned and driven by Ed Bekins of Coopersville, placed second and fifth; Anna-belle Gordon, owned by Ed Manville of Grand Rapids, placed third and fourth; Tommy C. owned by Douglas Walker of Byron Center and driven by John John Boone, took fourth and third. Time in the two heats was 1:01.50 and 1:01.75.

In the five-eighths mile running race, Mickey, owned and ridden by Jimmy Helder of Holland, won first; Purple Flag, owned by William Buis of Holland and ridden by Tut Baker of Ottawa Beach, won second; and Prince, owned by Roy Klomparsen of Holland, and ridden by Miss Jean Van Raalte of Holland, was third.

VIRGINIA PARK DEFEATS CUBS

Virginia Park won its seventh ball game in Lakeshore league play to stay out in front in the league standings. The Park team scored heavily in the last three innings of their nine-inning game with North Shore at Virginia Park to turn a 5-1 disadvantage to a 6-5 victory.

R. Van Huis pitched for the winners, and allowed the North Shore club hits in every inning but the last. The Cubs hit 12 times, but scored only in the third and fifth innings.

Witteveen turned in a good hurling job for the losers. He allowed Virginia Park just seven hits and struck out seven Park batters. Van Huis fanned 12 of the Cubs.

Trailing, 5-1 at the seventh inning, Virginia Park turned out five runs in the next three innings. McCarthy, walked, and Lloyd Van Lente went to first on an error. Don Van Lente's single scored two runs.

A homer by Teusink in the seventh added another run, and an error and a fielder's choice in the final inning put two on base, and Nels Van Lente brought them home.

May File Allegiance Oaths in Six Months

Lansing, July 6 (UP)—Michigan's 32,000 public school teachers have six months in which to file their oaths of allegiance to the constitution with the superintendent of public instruction, according to Attorney General Thomas Read.

He held, however, that they may file immediately, even though the law does not take effect until Oct. 29. They then have 90 additional days in which to comply.

Failure to file oaths would be "sufficient cause" for revocation or annulment of their certificates, Read said.

The new act replaces a law which compelled teachers to take the oath, pledging their allegiance to the constitutions of the United States and of Michigan, every time they signed a contract. Hereafter, one such oath will be enough.

FORMER LOCAL YOUTH IN RACES

Robbie Robbins, son of Mr. and Mrs. Nathaniel Robbins, formerly of Holland, with Jim Spencer, Jr. and Junior Jacobson of Grand Haven, will compete in qualifying races for the national Sears Cup races at Milwaukee Sunday.

Young Robbins, who moved with his family from Holland to Beverly Hills, Calif., spends each summer at the Robbins summer home in Spring Lake.

The three boys will enter Junior Great Lakes races for the championship of the Great Lakes, which qualify entries for the Sears cup series at Greenwich, Conn.

The elimination races will be held at the South Shore Milwaukee Yacht club beginning July 10. Two years ago the eliminations were won by young Spencer, and he competed in the national races off Marblehead, Mass., and made a fine showing. His crew then was Chuck Jackson and Bill DeWitt.

His mates took over the lead, 4-3 in the early part of the fifth. Dufner's double doing the work. Shoemaker then got to first on an error, and Surdam stopped to the plate to sock his second consecutive homer, right over the fence at right field. The score was 6-3, Grandville.

Both teams scored in the seventh, and scored in the eighth. Four hits scored three runs for the visitors in the first of the ninth, and the Grandville team held a 11-6 lead.

When DeNeff led off going to first on an error, and Barney Niefert belted a double to take him home, local plans were high. DeWitt and Wessel walked to fill up the bags, and with three runs on base, Lokers' fly was caught off second base line.

Holland used two pitchers. Van Wieren took over the mound for Driscoll with one man out in the seventh inning.

Grandville got 12 hits, seven men walked, and four men fanned. Holland hit 10 times, three walked and one fanned.

Shoemaker pitched for the visitors. Grandville 010 140 112-11
Holland 003 000 111-6

LOCAL ACTIVITY OPENS RESORTS IN NEW SEASON

Vacationers Settle to Rest
With Routine Activity
This Week

Feature Celebrations Held
at Waukazoo, Yacht
Club Quarters

Resorters of Western Michigan centers today settled back to rest. With the celebrations of the anniversary of the signing of the Declaration of Independence out of the way, officially introducing the 1939 season, cottagers and guests of hotels in this resort area are ready to settle to routine resort activities.

Centering at the new clubhouse of the Macatawa Bay Yacht club and at the Community center at Waukazoo, activities for the July Fourth week-end surpassed other years in proportion.

The season opened officially, for young and old, when the colorful display of fireworks was introduced in several centers up and down the Lake Michigan shore.

At the Waukazoo Inn on Lake Macatawa, the cottagers association joined to put on a display for vacationers there. At Macatawa and Castle Park, similar displays were introduced for the benefit of cottagers and guests of hotels there by the organization of the cottagers' association.

Over last week-end, sailing races, baseball games, beach suppers, dances and the starting of play classes all signified that the season was enjoying a formal opening.

Vesper services at Castle park were opened for the season last Sunday night when Dr. Joseph Vance of Detroit, addressed the resort congregation in the amphitheater. Mrs. Harris Meyers of Kalamazoo sang.

At both Waukazoo and Castle Park, dances opened for the season last week-end. Waukazoo, although the Inn opened July 1, began its summer season of dancing July 3.

At Castle, children and adults enjoyed their first dance of the season on the Dance Dune Saturday night. A special dance was held for the Castle resorters Tuesday night.

The Castle guests enjoyed a breakfast ride Tuesday morning, and a pair of baseball games during the day; the Castle team tangling first with the married men of the park, and then with a Holland club.

Waukazoo's annual turtle race was held Tuesday afternoon to officially open the sporting season at the Inn.

At the Macatawa Bay Yacht club and at the Community center at Waukazoo, local and out-of-town holiday visitors enjoyed the activities and sights made available.

Yachtsmen of the Lake Michigan association wound up their big opening week-end at the local club Tuesday. The departure of remaining boats for Milwaukee and Chicago was the greatest Tuesday feature, although the week-end preceding the Fourth was the liveliest at the park in several seasons.

District Judge Holds Court Hearing in City

Judge Raymond, U. S. district court of Grand Rapids, in a unique move, held court session in the Holland city hall Friday.

He moved court here to hear the testimony of Richard G. Oggel, 126 East 12th St., in a case against the government in which Oggel seeks to collect on government insurance.

Oggel was too ill to go to Grand Rapids to give testimony, and the court decided to hold session here to give him a chance to state his case.

SUNDAY DINNER Suggestions

By CORA ANTHONY
Director of A&P Kitchens

THE most noticeable feature of the week's markets is the profusion of fruits. Berries, currants, gooseberries, sweet and sour cherries, apricots, peaches, pears, plums and nectarines, melons, figs, mangoes and pineapples are all available in addition to the citrus fruits. The Starr variety of summer apples is coming to market and is a source for aromatic apple sauce and new apple pies.

Atlantic salmon and swordfish are now in market. Meats in general are little changed in price though the trend is upward. Poultry, butter and eggs are all very reasonable.

There has been little change in the variety of vegetables available.

Sea Scout Schooner Arrives

SCHOONER ARRIVES WITH GROUP FROM DETROIT ON CRUISE

The three masted schooner, Commodore Oliver J. Perry, training ship for sea scouts, entered Holland harbor at 7:45 Saturday, and prepared to stay at the Georgian Bay dock at Montello Park.

The schooner, besides members of the crew, carried about 100 officers and men, it was reported at Boy Scout headquarters here. Coast guardsmen reported the ship's arrival, but future plans for the vessel here were not definite. Boys arriving here with the ship, left Detroit June 18.

A second cruise is planned for July 8, if enough reservations are made. The schooner would leave here, July 8 and end its cruise at Chicago July 22, in time to start a third passage.

Commodore Frank F. Ford of Kalamazoo is in charge of cruise arrangements.

The boat was built in Nova Scotia in 1919 and was immediately engaged in the African mahogany trade. It later got into rum-running, and was confiscated by the government.

Grant Piggott bought the vessel several years ago, and brought it to Detroit where it was put into service for training boys, and sailing in the Georgian Bay lumber trade. Last year the boat was taken for sea scout training.

FIVE THOUSAND ATTEND OUTING

Addresses and Sports Are
Included at Christian
Beach Rally

More than 5,000 persons attended the annual Christian school rally Tuesday at Cardeau beach on Lake Michigan with Dr. R. Danhof, chairman of the day.

In the forenoon, acquaintances were renewed and sports and games were played.

Principal speaker in the afternoon was Prof. H. Schultz who spoke on "Stumbling Blocks in the Way of Christian Education."

He stressed the importance of the Declaration of Independence as a literary, patriotic and Christian document, a document that acknowledges "nationalism" and God.

Because it does recognize two ideals, Prof. Schultz charged, there are three groups in America—the Internationalists, Pacifists and Atheists, who oppose the Declaration of Independence.

He listed practical atheism, humanism and evolution as the stumbling blocks in the way of Christian education.

The afternoon program opened with selections by the Christian high school band in charge of John De Vries. Community singing was directed by the Rev. William Kok. Dr. Danhof gave the address of welcome. The Revs. R. Heynen and D. Walters sang vocal duets.

Sports and games were played from 4 to 5 p.m. and the supper hour was observed from 5:30 to 7 p.m.

In an address at night, the Rev. J. M. Dykstra, pastor of North Street Christian Reformed church, Zeeland, stressed the importance of sound religious Christian education, centered around Christ. He said, "We should be grateful for the blessing incorporated in our bill of rights, including the freedom of worship and educate our

children according to the dictates of our conscience."

His topic was "The Pied Piper," as pictured in Dean Gilbert's recent book, "Crucifying Christ in the Colleges." He said that in the many denominational colleges Christ was omitted from all teachings. Economics, sociology, history, ethics, philosophy, psychology, etc., being taught from a "purely humanistic, hedonistic, materialist approach, that is anti-scripture, anti-Christ and anti-moral," he stated.

Prayer and remarks were made by the Rev. L. Van Laar, chairman. Revs. Heynen and Walters sang.

Showing of a motion picture, "Bring Them Back Alive," ended the day's program.

COUNTY BOARD CLOSES MEET

Grand Haven, July 6 (Special)—Closing sessions of the Ottawa county board of supervisors were held Friday afternoon at the county court house.

In the final session, Fred Bosma, chief of Zeeland police, asked that he be paid for making out drivers' licenses for those residing outside Zeeland city limits. The request was referred to the committee on county officers.

A resolution to be sent to the representatives of both legislative bodies of the state was adopted by the board in yesterday's afternoon session. It was drawn up by a committee of Clarence Lokker, chairman; and Mayor Henry Geerlings of Holland and Mayor Richard L. Cook of Grand Haven.

It read: "Whereas, it is considered by your committee that the care of afflicted and crippled

children throughout the state is a very important function, and whereas, the legislature failed to appropriate the necessary amount to care for same.

"Now, therefore, be it resolved that the board of supervisors request the representatives in both legislative bodies to re-consider the action originally taken and urge them, if a special session is called of the legislative body, to re-consider the former action and make sufficient funds available for the purpose."
